This is the schedule of vessel activity at Pier 1, 2, & Curtis Wharf. It is provided to allow for longer range planning for those who may need extended periods of time alongside the Pier. Please communicate your scheduling needs with as much advance notice as possible to eliminate conflicts. *Please ensure that you do not block the dumpster at Curtis Wharf to allow for trash pickup on Tuesdays & Fridays. Any ships or barges scheduling work at the Port involving gas freeing, blowing tanks, venting or ventilating for confined spaces entry where the previous cargo contained mercaptan will be required to make special arrangements with the Port's Marine Terminal Manager.
