Re; SEPA Comments – Pier 2 Prilled Sulfur Shipment Operations

Dear Ms. Thoman,

The following comments are in response to the SEPA MDNS Dated December 2, 2009 for the proposed Pier 2 Prilled Sulfur Shipment Operations.

1. A memorandum of understanding will need to be entered into between the City of Anacortes and the Port of Anacortes regarding the proposed funding for regular road maintenance of Q and R Avenues mitigating the impacts of increased truck traffic on city streets. The memorandum will also need to outline potential use of funding for fire department hazardous material training and associated equipment purchases. The Memorandum of Understanding will need to be completed and approved prior to operations taking place.
2. Anacortes Fire Department concerns have been outlined in letter form dated December 10, 2009 to John Hachey and will need to be addressed to the satisfaction of the Chief prior to operations taking place. (letter attached)

If you have any questions please feel free to contact me at 360.293.1901.

Sincerely,

City of Anacortes
Don Measamer,
Assistant Director, PCED
