

# COVID 19 SAFETY MEASURES FOR MOORAGE

The Port remains committed to maintaining essential access points that allows various modes of transportation to move people and goods to, from, and on the water, including transient moorage. As a public port, it is our responsibility to ensure citizens that choose to isolate on boats continue to have a safe place to moor to access food, medicine, fuel, and dump their waste.

With that said, we ask all moorage guests to ensure they are complying with the state restrictions and guidance on participating in social or recreational activity on the docks or around the marina. We understand and support that engaging in outdoor activities such as walking, running and biking are allowed and important, we do ask you to ensure you maintain appropriate social distancing protocols at all times.

Thank you for your continued patronage at the Port of Anacortes. Please do not hesitate to contact our marina staff with any questions or concerns at [marina@portofanacortes.com](mailto:marina@portofanacortes.com) or 360.661.5000.

Be safe and have a great day!
